EXPERIENCE

11/2024 - Present

AXA Japan

UI/UX Designer

Collaborated within an Agile Scrum environment to deliver design assets, including wireframes, mockups, prototypes, and design system components. Facilitated stakeholder discussions with business leaders to design and implement cross-functional digital solutions tailored to the sales department.

05/2022 - 11/2024

Unibuzz Networks

Lead UX Designer

Directed design strategies and leveraged research insights to inform UX design decisions. Collaborated closely with cross-functional teams, including software, marketing, and business units, to align design goals with organizational objectives. Supervised a team of designers to ensure alignment with project goals and timelines.

09/2021 - 05/2022

Nanum Digital Design Institute

Frontend Engineer and Interface Designer

Redesigned and implemented new user interfaces for the company's website. Built and optimized reusable components and libraries to streamline development and maintain consistency across the platform.

01/2021 - Present

Freelance

UI / UX Designer

Collaborated with small businesses and startups to design and implement user-focused digital solutions. Delivered end-to-end solutions, including ux research and high-fidelity designs.
